Corpo HRM

Your Smart Human Resource Management Solution

Corpo HRM is a robust and modern Human Resource Management system designed to streamline organizational workflows, enhance employee management, and centralize HR operations. Built with Vue 3, Inertia.js, and Laravel, it offers a dynamic user interface with role-based access control.

Key Features:

- Dashboard – Overview of HR activities and KPIs
- Employee Management – Add, view, and manage all employees
- Attendance & Leave – Track attendance, manage requests, and view calendars
- HR Configuration – Customize departments, designations, work shifts
- Payroll Management – Seamless salary processing and reports
- Performance & Reporting – Analyze workforce performance and generate reports
- Advanced Permissions – Control access with roles, permissions, and settings

Whether you're an HR professional, a manager, or part of the executive team, Corpo HRM provides the tools you need to make informed decisions and manage human capital effectively.

Attendance Management

- Track employee presence in real-time with daily, monthly, and calendar-based views.
- Automated attendance reports and last activity logs ensure efficient workforce monitoring.

Apply and Track Leaves

- Seamless leave application system with real-time leave balance tracking.
- Multi-level approval workflow ensures transparency and control.

The screenshot displays the 'Leave Requests' module in the CORPO HRM system. The interface includes a sidebar with navigation options like 'Dashboard', 'Attendance', 'Employees', 'HR Configuration', 'HR Management', 'Reports', and 'Leave Requests'. The main content area shows a list of leave requests for 'Sean Mcleod - Software Engineer'. The first request is a 'Medical' leave for 'Apr 17, 2025' (Second Half (Afternoon)) for 0.50 day(s), with a 'Reason' of 'Leave For Sick'. The 'Approval Progress' section shows three stages: 'HR Department' (Approved), 'Manager' (Pending), and 'Director' (Pending). Below this, there are two more requests: a 'Medical' leave for 'Apr 10, 2025 -> Apr 10, 2025' for 1.00 day(s), and a 'Casual Leave' for 'Apr 19, 2025' (First Half (Morning)) for 13.00 day(s). The interface also features a search bar, user profile 'Test User Administrator', and footer text: 'Thank you for provision with Corpro LDM1 | 2025 ©' and 'Privacy Policy | Terms of Service | Documentation'.

Multi Step Leave Approval Module

- Structured multi-step approval ensures manager, HR, and director validations.
- Each stage updates in real-time, keeping the process smooth and accountable.

Holiday Calander Management

Holiday Calendar Management

- Easily manage public and company holidays in one centralized calendar.
- Auto-syncs with leave system to prevent overlapping requests.

Dynamic Emails

- Smart email alerts tailored to each approval stage and user role.
- Personalized templates ensure clarity, professionalism, and engagement.
